School Open On Regular Basis Mon.

Only One Change in Teaching Staff Announced This Year

Many Improvements About the School Plant During Summer

Sierra Madre schools will open for the regular sessions next Monday morning, September 17. Miss Elizabeth Steinberger, principal, announces that full sessions will be held in all grades.

Particular attention of parents is called to the opening time for the various grades. The 4th, 5th and 6th grades begin at 8:30 a.m., the 1st, 2nd and 3rd grades at 8:50, and the kindergarten begins at 9 o'clock.

With one exception the teaching staff will be the same as last year, Miss Doris Bayard taking the place of Miss Ethel Karpf as kindergarten assistant. Miss Bayard graduated from Broadoaks training school last spring and has been taking special work at Pomona College during the summer.

The teaching staff will include the following: Miss Claire Newman, Miss Mabel Richter, Mrs. Zayda Leonard, Mrs. May S. Wood, Miss Helen Wones, Miss Ruth Taylor, Mrs. Eva D. Moore, Mrs. Lila Kendall, Mrs. Mary Wheeler, Mrs. Catherine Duncan. The kindergarten will be in charge of Miss Constance Thorpe with Miss Doris Bayard as assistant. Miss Mary Pfahler will have charge of music and Miss Florence Lusted art. Mrs. Ellen Barker is school nurse. Mrs. Patterson will again be in charge of the lunch room and will be assisted by Mrs. Beall.

The lunch room will be open for business Monday noon. Parents are also advised that the milk supply will be available for the 10 o'clock recess.

Substantial improvements have been made about the buildings and grounds during the summer. The school trustees have had all rooms repainted, making them clean and attractive. In the kindergarten building new drapes have been installed. Along the east line of the grounds a new fence has been installed.

Miss Annunziata Schiltz left Monday morning to enter the Academy of the Sacred Heart, Los Angeles.

Roy Warden Is Victim of Peritonitis

Tragic loss was felt by the community in the passing Sunday night of Roy Warden, a young man just approaching the prime of life and popular with all who knew him. Friends to whom his sturdy figure and smiling face were familiar found it difficult to believe the news.

Mr. Warden's death was attributed to peritonitis, following an operation for appendicitis. He was taken to Pasadena hospital Thursday at midnight for the operation after suffering an acute attack. In spite of everything that could be done for him, however, the end came early Monday morning.

A native of Missouri, Mr. Warden had reached the age of 27 years. He had lived in Sierra Madre most of the time for about ten years. For some time he had been associated with his father-in-law, George A. Jones, in the dairy business. In 1924 he married Miss Edith Jones who, with a little son, survives him. He also leaves his parents, Dr. and Mrs. Thomas Warden, and a brother, James Warden.

Funeral services in the Ray A. Grant chapel Wednesday afternoon were largely attended. Dean William Carson Shaw officiated and interment took place at Mountain View cemetery, Pasadena.

Chinese Visitors Speak at Sunday Evening Service

China is so much in the front rank of international affairs at this time that any opportunity to hear of the real conditions makes a strong appeal to all. At the Congregational Church on Sunday evening next, at 7:30 o'clock, Mr. and Mrs. Yam Tong Hoh, two young Chinese Christians, will speak on their native country. They have recently arrived preparatory to taking up studies at Stanford University, and are spending a few days with Mrs. Lowe in Sierra Madre.

Mr. Hoh learned English as well as other branches of his education at Lingnan University in Canton. This is the institution which President Charles K. Edmunds of Pomona College was president before coming to take the helm at Claremont. Mrs. Hoh is not a stranger to this part of the world, as she is a graduate of U.C.L.A. and formerly resided with Mrs. Lowe.

E. H. Keegan Takes Job as Dep. Sheriff

Police Chief Leaves Post for Position in the Civil Service

When Chief of Police E. H. Keegan goes on his annual two-weeks vacation Saturday he will relinquish the affairs of his office permanently. His resignation takes effect at the end of the present month.

But the chief is not retiring from police work. Instead, he will henceforth be Deputy Sheriff Keegan. He took the civil service examination for a position in the sheriff's office several months ago, and was recently notified of his appointment.

In retiring from the service of the city Chief Keegan will leave a position hard to fill. While he has been chief only a little more than a year, he was for several years previously deputy marshal and has served in the street and building inspection departments long enough to acquire an unusual degree of familiarity with all phases of municipal business. He has also developed a name for being a splendid cooperator in every sort of work for the public benefit, especially in such matters as the park concerts and the annual municipal Christmas tree.

Council Holds Short Session Tuesday Night

Out of respect to the late Col. Herman Hall, whose loss as a member of the council was keenly felt, the regular meeting of the city council was adjourned Tuesday night after a small amount of necessary business had been transacted.

Resolutions of respect to Col. Hall will be prepared by a special committee of which Mayor Wilbur F. Thayer will be chairman, and which will include Councilmen Belohlavek, Isaacs and Myers and Attorney Baker.

City Clerk Dietz presented a report verifying the sufficiency of the petition for an improvement district election for canyon swimming pool bonds. The petition was referred to City Engineer Gierlich for a formal statement of the estimated cost. After the approval of current bills the council adjourned until the next regular meeting date.

Mr. and Mrs. J. W. Carney and children returned on Wednesday from the east where they have spent the past two months. They will leave at once for San Francisco whence they will sail for China where Mr. Carney is an executive in the Standard Oil Company agotianzron.

Edmond P. Ranahan left last week to enter the Dominguez Memorial Seminary of the Claremont Missionaries at Compton.

Mr. and Mrs. W. J. Schiltz were guests of Mr. and Mrs. T. M. Neale at Balboa Beach on Sunday.

Wammack Is Leaving for Borneo Job

Five-year Contract With the Shell Oil Company Is Attraction

Local Man to Have Charge of Oil-Well Shooting In Tropics

Five years in Borneo is provided for in a contract just signed by Lester L. Wammack of East Central Avenue with the Shell Oil Co. Mr. Wammack will leave on September 23 to follow his profession of drilling and shooting oil wells for the Shell company.

From Sierra Madre Mr. Wammack will go to Vancouver, whence he will sail by way of Hong Kong. The trip to Borneo will require thirty-five days. Mrs. Wammack and daughter Dorothy will remain at home in Sierra Madre for the coming year. After that they may join Mr. Wammack in the tropics if conditions seem favorable.

Mr. Wammack has been employed as an oil-well shooter for eight years by the Hercules Well Shooting company. He holds the record for successfully shooting the deepest oil well in the world. He will be in charge of this class of work for the Shell company in Borneo.

In addition to having a very attractive contract with the company, both as to salary and bonus, Mr. Wammack was much gratified at being able to qualify for the position. Known ability was not the only qualification, the company requiring also a very strict physical examination before entering into a contract for important work in such a remote field. Mr. Wammack passed the tests with a perfect score.

First Ball Game of Season Here Tomorrow at 2:30

Respondent in new uniforms, and full of the zeal and enthusiasm of the unconquered, Sierra Madre's ball team will engage in mortal conflict with the Monrovia Merchants, Saturday afternoon on the local diamond, Suffolk and Baldwin. The game will be called at 2:30, or thereabouts.

The team has been putting in daily practices on the new diamond and Manager Scott is confident that he has unearthed some real, honest-to-goodness talent. For Thursday he has made a tentative selection as follows:

Langworthy, c.; Bob Kinney, p.; W. E. Pratt, 1b; Emil Smith, 2b; "Doc" Elk, 3b; Leo Smith or Harkness, ss.; Lorenzini, lf; Poehler, cf; Dan Parker, rf. Kinney has been showing up well as a pitcher. He is a southpaw and barring an early-season wildness should be a star moundsman. Jim Heasley, who used to play the pastime back in the east, also sports a mean whip, port side, and will do the relief pitching, if any, or may bring back the old souper to its pristine form, in which case he may show the youngsters a few tricks worth observing.

The team will appear in the new uniforms, purchased with a part of the fund recently subscribed by the local merchants, and will present a pleasing appearance to the eyes of the tired business men and their ladies, and the gay lads and lassies of this foothill community.

Give the boys the encouragement of your interest and attendance tomorrow afternoon.

Mr. and Mrs. E. A. Anderson, who have been conducting the Canyon Store for the past four years, are enjoying a few weeks of leisure following the sale of their store recently. They will tour various parts of the state but will maintain their residence here.

Mrs. T. W. Neale and Miss Frances Hallinan are spending ten days at the Neal Cottage at Corona del Mar.

First Meeting of Parent-Teacher Assn. Sept. 26th

The first fall meeting of the Parent-Teacher Association will be held Wednesday afternoon, September 26, according to announcement of Mrs. Joe Stimpfling, president. The regular meeting date is the third Thursday in each month. This would fall in the first week of school which is a particularly busy time for the teachers. For that reason the first meeting is postponed one week. An interesting program is promised and a large attendance expected.

Mr. and Mrs. R. A. Pratt left last night for Tucson, Arizona, to try a change of climate. Mrs. Pratt went over last week and leased a house which they will occupy.

Membership In New Band Is Increasing

Concert Next Friday Night Will Show Splendid Progress

The newly organized Sierra Madre band now has a membership of twenty, with several more candidates for membership already in sight. The last rehearsal before the concert on Friday, Sept. 21, will be held next Monday night, and new members who don't know what it is all about, so to speak, will fare better if they wait until after the concert before appearing at rehearsal.

The new band has not yet quite approached the excellence of a Sousa's band, or anything like that, but local residents who expect to hear a band sounding akin to the little old German bands of other days are going to be disappointed when the local musicians appear, neatly garbed in dark suits and bow ties next week.

Following the concert, work will begin in earnest on the winter rehearsals. Several high school boys who have been away during the summer will be added to the membership role, and with a few months steady rehearsal the band will be able to do some very creditable work.

The program for the coming concert will be announced by Director Leland Auer in the next issue of the News.

Melvin Puts On Program At Kiwanis

Concert Orchestra Gives Club A Varied Musical Program

Members of the Kiwanis Club were given a genuine treat after Tuesday's luncheon, when E. P. Melvin's orchestra gave them a fine program. The music was a pleasant variation from the usual luncheon address and aroused great enthusiasm among the members.

Mr. Melvin was introduced by President T. M. Webster who was program chairman for the day. The orchestra played a variety of selections with fine precision and spirit. Their work was a welcome relief from the jazz players whose chief aim seems to be to swing and bounce all over the stage rather than to perform legitimate music. The program included several operatic selections and some dance numbers which almost made the men present want to get up and dance by themselves.

The personnel of the orchestra was as follows: Miss Marjorie Jones, violin; E. P. Melvin, 1st cornet; Charles A. Dana, 2nd cornet; Herbert Adkins, Walton Allen, Charles Forche, saxophones and clarinets; Harry Adkins, banjo and cello; Ralph Langley, drums; Harry Walz, piano.

Some of Mr. Melvin's regular orchestra were unable to be present for the noon performance. He has a flexible combination which permits playing for dances, social affairs or full evening programs. Mr. Melvin will be remembered as director and soloist of the Scio's band which appeared at a recent park concert.

Several New Teachers for Junior High

Fourteen New Names Added to Woodrow Wilson Faculty

Total Enrollment of 500 Is Estimate for Opening of Semester

Sierra Madre will send something like 150 pupils to Woodrow Wilson junior high school for the term which begins next Monday morning. A few names have been added this week to the registrations made last June, according to Arthur M. Brown, principal. The office force who have been on duty all week in an effort to get the school routine arranged for smooth operation from the start, expect the total enrollment for the school to be very close to 500.

Fourteen new names appear in the list of teachers this semester, out of the total of 32 faculty members. The new teachers are as follows: Beatrice A. Chapman, social science; Marian Craig Clifton, mathematics; Georgia Lucas Curtis, piano; Elizabeth Jean Harkness, English; Anita V. Hein, physical education; Gertrude Eakin Howard, vocal music; Alice R. Morrison, Spanish; Mignonette C. Pearce, and Wm. Ellis Pickett, biology and general science; Judith Cornell, English; Lowrene E. Sutherland, physical education; Albert L. Estus, and Donald J. Lyman, industrial arts; Grace Marie Phelps, clothing.

The new band has not yet quite approached the excellence of a Sousa's band, or anything like that, but local residents who expect to hear a band sounding akin to the little old German bands of other days are going to be disappointed when the local musicians appear, neatly garbed in dark suits and bow ties next week.

Following the concert, work will begin in earnest on the winter rehearsals. Several high school boys who have been away during the summer will be added to the membership role, and with a few months steady rehearsal the band will be able to do some very creditable work.

The school cafeteria will be open and ready for regular service on Monday.

Bus service remains in a somewhat uncertain status, owing to the continued illness of Mr. Abbott. Definite information is promised not later than Friday from board of education headquarters. Mr. Brown has agreed to furnish this information to the News office as soon as received by him and a bulletin giving the information will be posted in the window of the News office (temporary quarters.)

New Firm Will Enter the Radio Field Here Soon

George M. McRoberts, Jr., and Donald B. Hosford will embark in the radio business as independent dealers in the near future. They have rented the Kersting building formerly occupied by the Southern California Edison Company. As soon as they can get the room fitted up and stock installed they will open for business.

Both men are well known as salesmen and radio experts, having been connected with the Sierra Madre Electric Co., and other concerns. They will handle well known lines of radio sets, specializing in Crosley and Spartan.

Mr. and Mrs. W. S. Candee of Eagle Rock have rented the Valencia home at 685 West Alegria. They have a daughter who will enter the high school.

The Misses Margaret and Dorothy Ranahan are visiting in Tucson, Arizona, the guests of their sister, Mrs. Lawrence McCarron. Miss Dorothy will remain to attend St. Joseph's Academy at Tucson.

Firemen Offer Many Attractions At the Card Party

Prizes galore have been added to the many attractions offered in connection with the benefit card party to be given by the Volunteer Firemen next Thursday night, Sept. 20. It is announced that a ham and a five-lb. chicken are included among the articles of real value. There will be prizes for bridge and for 500, as well as two door prizes, so all who attend will have a chance to participate in the prosperity.

The card party will be held in the Masonic Temple. The firemen are giving it to replenish their relief fund. This fund is used not only for the benefit of firemen in case of sickness or damage to person or clothing at fires, but for the unassuming acts of charity which are numerous in the course of a year. Refreshments will be another attraction at the party.

Bakery Is Bought by Robt. Annas

Local Man Returns to Enter Business in Sierra Madre

Mr. and Mrs. Robert Annas have acquired the Sierra Madre Home Bakery at 66 West Central, taking charge this week. They have been residents of Sierra Madre for a number of years, but during the past three years have conducted a bakery at El Segundo which they sold early in the summer. Mr. Annas was formerly engaged in the grocery business here and in looking for a new business location he and his wife decided they could not do better than return to the local field.

With a large oven of the very latest type, Mr. Annas says he will be able to produce a superior quality of bread and pastries. The new oven has been in process of installation this week. A specialty will be made of French pastries and cakes for weddings, parties, etc.

Lunches and meals have been discontinued at the bakery. Mr. Annas says it is their intention to devote all their time and attention to producing the best possible bakery goods and they will not have any other line of business interfering with it. Mr. and Mrs. Annas recently returned from a vacation trip in the north and are located in their home at 234 Santa Anita Court.

Mrs. E. W. Singleton Passes Away After Many Years Here

Mrs. Eva W. Singleton passed away last Friday, September 7, at her home, 55 N. Lima Street, where she had resided for twenty-two years. She would have been 70 years of age had she lived until the 29th of October. She was a native of Warren County, Illinois. Her only surviving relative was a niece, Mrs. Emma Chambers of Hollywood.

Funeral services were conducted in the C. F. Lamb funeral chapel by Rev. A. O. Pritchard of the Congregational Church, followed by a ritualistic ceremony by the Monrovia Lodge of Rebekahs. Interment took place in the Odd Fellows cemetery, Los Angeles.

Gift Shop Owner Changes Name and Adds to the Stock

"Gilmore's Gift Shop" is the new name of the store recently purchased by Mrs. J. P. Gilmore from Woodson F. Jones. Mrs. Gilmore is rapidly stocking the store with brand new lines of toys, gifts, favors, books and school supplies. As a special convenience to junior high and other school pupils she will open the store at 6:30 next Monday and Tuesday for belated purchases of needed equipment.

The Misses Margaret and Dorothy Ranahan are visiting in Tucson, Arizona, the guests of their sister, Mrs. Lawrence McCarron. Miss Dorothy will remain to attend St. Joseph's Academy at Tucson.

Chest Plan For Charity Is Proposed

Central Service Committee to Investigate Method of Combination

Discussion of School Plans Occupies Time of Committee

With a succession of "drives" in recent memory or in prospect, the suggestion of a "Community Chest" for Sierra Madre has been made so many times it was taken up Monday night by the Central Service Committee. With other

Entitled --- "Peaches for the Fair"

They are going into cold storage—no, not the girl, but the peaches. This prize fruit will form a part of the 10,000 square feet of plate and rack displays at Los Angeles County Fair at Pomona September 18 to 23. That earlier varieties may be shown, they are packed weeks in advance and kept perfect by refrigeration.

County Fair Opens Soon At Pomona

Splendid Exhibits Include Rare Fowls in Great Poultry Show

Two thousand birds representing the very cream of one of the leading poultry raising sections of the world will go to make up the largest poultry, rare fowl and pigeon shows ever held in the west. The event will be a part of the 7th annual L. A. County Fair to be held in Pomona September 18 to 23.

The secret of the growth of the show in a comparatively short time to one of the premier events of its kind in the country and ranking with national shows lies in popular touch which is added whereby it is of keenest interest not only to the fancier but to the layman. Here he will find one of the greatest collections of rare water fowls seen anywhere outside the largest zoos of the country. The poultry exhibit this year will cover 26,000 feet of floor space.

Several poultry specialty clubs will hold their meetings during the fair. Among these will be the American Bantam association,

the California Breeders of Rare and Fancy Fowl, the California Barred Rock club, the California Branch of Standard Bred Poultry association, the Red Cornish club of America and the California Club of the Rhode Island Red Club of America.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.
No. 253783

In the Superior Court of the State of California in and for the County of Los Angeles.

EDITH M. ASKEW, Plaintiff,
vs.—

URL M. FOX and NELLIE F. FOX,
his wife, et al. Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 27th day of August, 1928, in the above entitled action, whereupon plaintiff obtained judgment and decree of foreclosure and sale against URL M. FOX and NELLIE F. FOX, his wife, Defendants, on

the 21st day of August, 1928, for the sum of Twelve Hundred Six and 78/100 Dollars gold coin of the United States, with costs, and said judgment and decree was on the 22nd day of August, 1928, entered and recorded in Judgment Book 669 at page 167 et seq. (to which judgment and decree reference is hereby made). I am further ordered to sell at public auction all the following described premises situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

That portion of Lot twenty-one (21) Hectares Addition to Sierra Madre, as per Book 12, page 55, of the County described as follows: Beginning at the South-east corner of Lot twenty-one (21); thence Northwesterly along the Easterly line of said Addition and fifty-eight hundredths (51.58) feet; thence westerly parallel with the Southerly line of said Addition and forty (40) feet to the Northerly line thereof; thence Westerly along the Northwesterly line of said Addition and three hundred and eighty-nine (389) feet to a point distant Easterly fifty (50) feet from the Northwest corner of said Lot; thence Southerly parallel with the Northerly line of said Lot to the point of beginning in the City of Sierra Madre, County of Los Angeles, State of California.

PUBLIC NOTICE IS HEREBY GIVEN
that on Tuesday, the 25th day of September, 1928, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Building No. 1, I will, in obedience to said order, of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as necessary to satisfy said judgment with interest and costs, and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated August 27, 1928.

R. E. ALLEN,
Commissioner appointed by
said Superior Court.

To Citrus Growers

.... who sell for Cash

The proved way to greater returns and higher net profits is through the Exchange.

Note these nine reasons why:

1 The cash buyer is careful to buy at a price which protects him in case of a decline. If prices advance, he takes the advance. You get nothing additional.

2 In case of a market decline (unless the cash buyer has fully protected himself in his purchasing price) he is sometimes unable to pay you the final balance due. In this case you may lose the profits of many years.

3 Your crop is perishable. It must be moved during the season. But if the market is doubtful or poor the cash buyer does not have to buy. You are thus compelled to take best offer.

4 If you sell your crop early you often sustain a loss in the growth of fruit during the season. This growth not only increases tonnage but often gives greater value per pound by producing a larger percentage of sizes which bring the most money.

5 The cash buyer cannot get as much for your fruit as the Exchange is getting for similar fruit. His brands are not advertised. His volume is limited and irregular. His market representatives give only a part of their

time to his business. His market knowledge is limited because he sells in only a few cities. The Exchange quotes all the trade.

6 The cash operator's cost of doing business is greater than the Exchange. He fixes his price to you accordingly. You pay this extra cost.

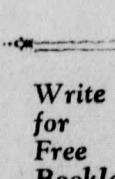

7 The cash method of marketing has a disturbing effect upon the entire industry. It interferes with orderly distribution because such shipments are irregular and uncertain. This lowers prices generally. All growers share in the loss.

8 The buyer could put his money into safe securities and get a fair return. Instead, he risks it in perishable fruit because he expects to get a higher rate of interest on his investment. You pay this excessive interest charge.

9 You perhaps feel confident that you can get from the buyer more than the market will justify. But cash buyers have been operating in California for years and have been getting the best of the bargain. If you were getting the best of the bargain, there would be no cash buyers, because they could not keep operating at a loss.

Join the Exchange

By marketing through the Exchange you will get the highest price that the market will pay for your fruit. At the same time you will profit by the lower costs of packing and selling. And you will help to increase all orchard values. Plan

Fire Flames

By One of the Boys

Fire Flames is endeavoring a "comeback" after taking the count and being "out" for a number of weeks. Despite having been extinguished, "Fire Flames" expects to be "hotter" than ever, continuing to disclose what the Sierra Madre Firemen wear, say, do, eat and drink.

There has only been one change in the personnel of the department during the absence of Fire Flames. This was the loss of one of our most beloved members. Oh, no! He didn't pass out, he just moved to Santa Ana. Bob Steinberger will be greatly missed at our meetings and fires. He was a member that could be relied on for valuable instruction work as to the working parts of the engine and pumps. Bob is a good teacher. Not only does he possess all the above traits but he is also the most handsome brute that claims membership in the department. If there is a dispute over this last statement we may call a beauty contest. In all sincerity, it is with regret that we must lose Bob from our organization.

George Cox is the newly elected member to take the vacancy left by Bob. He will take the official initiation of the boys as soon as Long can learn to say his part in English. It has not yet been decided as to whether we shall give him the third or thirty-fifth degree. Louie, being the chief of the degree team, will decide and supervise this procedure. Here's hoping George leaves that large gun at home.

The attendance and interest at our meetings continues as heretofore. At our last meeting there were nineteen or twenty members answered "present" to roll call.

During the practice of last Friday evening, Tom Schwartz occupied the position as head plug man and aided his assistants (with the knowledge of his experiences) as to how to keep their feet from getting wet. After years of trying he has finally accomplished the act. Frank Lovell succeeded in convincing George Norris that the hose should all be taken off the truck and returned in a neater fashion. With Louie Karger, Jim Heasly, Joe Swanson and Roy Walsworth placing the hose on Lee Hibbs directing Pete as to how to drive the truck, a good job of replacing the hose was inevitable. The work done by the other members during this operation was only minor and hardly deserves mention other than courtesy. Their part consisted of carrying hose two or three blocks, which was not difficult.

As was feared and prognosticated, our engineer has joined the forces of the married men and from now on we can expect Pete to want to linger after the meetings to be called to the telephone. He will probably want to learn how to play 500 and draw bridge. Oh, well! It has to happen sooner or later. Due to August having five Fri-

days, three weeks has been the distance between meetings, which seems a long time between meals. At any rate we meet at the city hall at 7:30 p. m. tonight, Sept. 14. Remember that the truck pulls out at the stroke of 7:30. Bring along your "uneform" and other requirements, consisting of newspapers, magazines, tinfoil, lead pipe, cigarstumps, postage stamps, and your own cigarettes.

On third base I am doubtful. Doc Elk has stopped a few over there, and as no real youngster has tried it, he and Harkness may toss up. Emil Smith has also been trying out at second and is good, but he has a hard man to beat in Harkness. O. Smith has been scooping 'em up at short and has a favorable peg to first base. His main weakness is at the home plate. In getting his eye on the ball at bat and eliminating a sort of fear there that he seems to possess, he should be a good candidate for a regular. His nearest opponent is Freddy Lalone, who has a powerful arm and a fairly good batting eye. In my estimation Freddy should be given a chance to show his stuff. In the outfield we have Lorenzini, McBratney, Poehler and Dan Parker. Lorenzini can field and will eventually be a good batter. McBratney is built like a ball player and will probably make a good batter. Poehler seems to use good judgment in chasing fly balls and as to his batting I am not acquainted with. Dan Parker should be on the regulars to start. He is deeply interested, a good base runner and the only man in the tryouts who has successfully bunted the ball. Now, after all that, bring on the opponents.

Secretary Thew left Sierra Madre last Wednesday morning about 4 a. m. for a short visit to another territory. The water department will miss him, as well as the Fire Department.

Don't forget the big card party on the 20th, and don't forget that the truck leaves tonight at 7:30 sharp. The conflagration's extinguished.

Missionary Society Active
After Summer Quiet—

There will be an evening missionary meeting at Bethany Hall Friday evening, September 14, at 7:45. The speakers, Mr. and Mrs. Y. T. Hoh of China, will be of exceptional interest to us, as Mrs. Hoh, who was formerly Miss Daisy Law, made her home with Mrs. John Lowe for some time.

They are here for further study after which they will again take up their work in China.

A social hour will follow and everybody is cordially invited to attend this first meeting of the fall season and to bring with them any helpful suggestions for Christmas Bazaar work.

Mr. and Mrs. Guy F. Scott of Detroit, Mich., arrived last Friday and are visiting at the home of Mr. Scott's sister, Mrs. M. T. Murray at 223 N. Mountain Trail. Mr. Scott is a piano tuner with many years of experience and will engage in that line in Sierra Madre.

They are here for further study after which they will again take up their work in China.

A social hour will follow and everybody is cordially invited to attend this first meeting of the fall season and to bring with them any helpful suggestions for Christmas Bazaar work.

Mr. and Mrs. Nate B. Hutton returned this week from a leisurely motor trip thru California and Oregon. They were absent more than two months, visiting

WHAT'S THE MATTER?

"ARE you trying to put over a city manager plan for Sierra Madre?" is a question that has been asked the News several times since the beginning of this discussion of "what's the matter" with our city government.

The question, and especially the use of the term, city manager, was entirely spontaneous with the questioners. For at no time has the term been used in these articles.

Various weak points in the structure of our city government have been pointed out. They had to do with the system under which the city business is carried on, rather than with individuals. Comments coming to the News, together with such questions as that quoted, indicate that the discussion has been making an impression. To some extent it has been stimulating thought concerning municipal affairs. And to that extent it has achieved its purpose.

Direct answer to the question which opens this editorial is easy. The News is not trying to put over a city manager plan or any other particular plan of city government. The News is open-minded in this respect. It believes there is some better plan than the one now in use. If the logic of the situation leads to the city manager plan, the News is willing that it should be so; if to some other plan, then let's have it. Some significance should certainly be attached to the number of times the city manager plan has been suggested by News readers without it having been mentioned in this column.

Sierra Madre could adopt a city manager plan in either of two ways. One way would be by adoption of a special charter form of government in place of the present sixth class city system. On the other hand, a sixth class city can provide the manager system by ordinance.

If the manager plan were adopted by ordinance of the council, that body or any of its successors could revise or rescind the ordinance at will. That would rob the plan of any assurance of permanence. If the

plan were put into force by initiative ordinance, it could only be changed by popular vote. That would give somewhat better assurance of a satisfactory tryout for the plan. To adopt a special charter form of government is more difficult, both to put into effect and to change. Probably the initiative ordinance would be the preferable method.

However, as said before, the News is not trying to put over the manager plan. It is merely discussing it among other possible methods of removing some of the handicaps which now hamper worthy city officials in making the tax dollar go the farthest.

The News will welcome expressions from Sierra Madre citizens of their views in the matter. Many of them have been giving the subject serious thought. Why not give the public the benefit of their thinking?

* * * *

THE STATE CONSTITUTION

LAST week the legislature of California had to meet at Sacramento in special session. The sole purpose was to pass upon one bill—a proposed constitutional amendment dealing with the taxing of corporations. The legislature voted to submit an amendment to the voters at the November election.

This paper has often called attention to the cumbersome constitution under which Californians live, move and have their being. It is so comprehensive that a constitutional amendment is required for many minor affairs that should be taken care of by legislative enactment.

For the next two months much will be said about the ballot with more than twenty propositions submitted for vote. Few voters, comparatively, will give them serious study. Few will be qualified to pass judgment upon them. Most of the questions involved could be better decided by the legislature. But constitutional changes are involved which must be passed upon by the voters.

This special session of the legislature illustrates as nothing else has done, the need for a new constitution. It should be confined to the basic principles of government, and most of the content of the present constitution taken care of by statute.

* * * *

PRINTING HELPS A COMMUNITY (American Printer)

PRINTING is a highly desirable industry from a community point of view. The community without a printing plant is a very poor, poverty-stricken—mentally, spiritually and socially—community at best. Printing has an enlightening and civilizing influence, and is a real asset to any community. The printing industry is a real producer, an industry in which the arts and crafts make a happy union, and the results must needs have an elevating influence on the community.

A great part of the "silent vote" is silent because it is listening to discover which one is the band wagon.—West Palm Beach Post.

It is said that aviation has made forty-five new millionaires. Among them, we assume, a few undertakers.—Florence (Ala.) Herald.

Interesting News Notes Gathered from Here and There

Four hundred buyers of lots in San Clemente have failed to make payments, and a Los Angeles bank is spending about \$30,000 to clear the titles. It is asserted that all of the cases could have been handled as one case if the proper procedure had been used. Attorneys fees in the 400 cases totaled \$24,000, while legal publications cast about \$2,000.

Upland property owners will pay taxes during the coming year at the rate of \$7.29 on \$100 assessed valuation. Ontario's combined rate shows \$7.06 per \$100.

The Michigan people of Southern California are advised that their official picnic reunion will be held in Sycamore Grove Park, Saturday, September 15.

Oil development in the vicinity of Puente will begin within a few weeks it is asserted. The first derrick will be erected on the Ferreto lease southeast of Puente.

The board of supervisors of Los Angeles county have called for bids on the San Gabriel Dam, the bids to be opened November 14.

Los Angeles County Fair at Pomona, Sept. 18 to 23, has often been termed the most beautiful as well as the largest county fair in America. On a scale more lavish than anything of the kind ever presented in the southland, the 800-foot main horticultural and agricultural tent this year is being transformed into a Spanish garden which beggars description.

Flower lovers of Southern California are invited to the sixth annual Dahlia Show to be given by the Buena Park Women's Club at the Masonic Temple in Buena Park, Friday and Saturday, September 14 and 15.

The Santa Catalina Island schools will open Monday, Sept. 10. This is the sixth year that they have been conducted as an integral part of the Long Beach City system. The island schools

comprise kindergarten, primary, junior and senior high schools.

A. W. Wilson arrested for falsely advertising a "business opportunity" in the classified column of a city newspaper, has recently been sentenced to six months in jail.

Widespread interest in California's state park program and in the state park bonds to be voted upon November 6, is being shown this week at the state fair, Sacramento, where a state parks exhibit is being held under the auspices of the department of natural resources. A large map showing the existing state parks and monuments is an interesting exhibit.

Chief Deputy Dist.-Atty. Murray of Los Angeles was arrested in Santa Monica on a charge of intoxication.

The greatest crowd in the history of the California state fair, more than 60,000 persons, visited that institution on Labor Day.

Parents of children who attend the Grover Cleveland school at Pasadena are incensed by the asserted failure of the school board to investigate charges that the school is a fire trap and in a highly unsanitary condition.

The really unpopular motor merger is the one that happens on a main highway.—Manchester Union.

So Cheap that we waste a third of it, yet . . .

A MATCH is so inexpensive that three people refuse to use it in common. Yet, when you are looking for something in some odd corner at night, it is even cheaper to switch on an electric light than to strike a match.

“Electricity is CHEAP... Use More of It”

Electricity would not be nearly as cheap as it is in Central Southern California were it not for men working for the people, who learned how to make two power transmission lines do the work of three, thus reducing by 50 per cent the cost of bringing economical electricity from the mountains hundreds of miles

to your door. Their reward was the Coffin Medal for electric abundant power at a still lower cost.

Observations

(By G. B. M.)

IT WON'T BE LONG NOW—

Willie and Susie must have a belated haircut, and then a vigorous rubbing to see if that streak on the back of the neck is dirt, or just summer tan. Then a new pair of shoes, with or without socks, and they will be ready for the joyful day when school opens.

GREAT IS IMAGINATION—

A Sierra Madre man who went to the beach this summer was speaking of the superiority of the local produce raised in the neighborhood of his outing place. He had just had his first swim in the world's largest ocean and came to the table with a ravenous appetite.

The plate of sliced tomatoes looked luscious to him. Of course they must have been raised in the truck patches just over there behind the sandunes. Never got fresh vegetables like that at home. And everybody at the table agreed with him. Except his wife. And she added:

"Well, maybe these tomatoes were raised down here somewhere. But they happen to be some I bought at Roberts Market just before I left Sierra Madre."

WHO WOULDN'T?—

Prehistoric man roared like a lion, according to some scientist. Probably true, probably true—provided there were landlords in those days who raised the rent on the tree branches where those primitive humans were wont to entwine their caudal appendages.

Not since 1924 has there been anything like the politicians' enthusiasm for the farmer, and nothing like it will be seen again until 1932.—Nashville Banner.

The most prominent yellow peoples are the Chinese, the Japanese and those who would like to crusade for decency, if it wouldn't hurt business.—Springfield State Register.

That Englishman who says our business men never laugh in working hours should enter a drugstore and ask for drugs.—Anderson (Ind.) Herald.

CARRY OVERS FROM HEALTH SCHOOL

"Brush your teeth, brush your teeth—brush them every day" sing the Health School children, and daily brushing at home is not half so distasteful now they have learned to sing about it.

Parents are happy to have the health habits they are teaching enforced by the health school lessons. Doing as the group does has a weighty influence upon the child at home and at school. He is eager to carry on at home the habits he knows the boys and girls are doing, as competition runs high at health school for full checked health habit charts.

Nothing but a real "inner urge" however, could make a child leave a party unduly early to be in bed on time—to win her sleep dollar in the health bank. Neither does boy insist on his daytime nap on Saturdays and Sundays too, unless he is in earnest about growing a strong body. Grown-ups are astounded at the Spartan-like attitude of the children on the "no eating between meal program." "Candy at the end of a good meal only," from a young health enthusiast puts his elders to shame.

Eating, sleeping, work and play have a new meaning for the children when health school is over. They carry away new ambitions to help mother cook and wash dishes too. They plan to make their tops out of wooden grocery boxes with the aid of coping saw and hammer. Broken toys are not discarded but deftly mended. The health rules, too, they propose to keep without fail, to grow the coveted pounds and inches.

Hibbs Will Lead Strong Trojan Team

And U.S.C. Team Will Have Captain With Fine Record

Jesse John Hibbs, who will captain Coach Howard Jones' University of Southern California football team this year, rates as one of the most consistent stars that has ever blazed across the Pacific Coast football sky.

An All-American tackle in his junior year in college, Hibbs was said to be the greatest prep lineman in the country while he was a member of the Lake Forest

where he won letters in football, basketball and baseball, and continued at Lake Forest, where he was football captain for two years and was twice selected as the outstanding tackle in Central Illinois. Hibbs was a student at Glendale high for one year, but was not eligible for football. He graduated from Lake Forest in 1925 and registered at Southern California in September 1925. He was selected honorary captain of the 1925 freshman team at the end of the season.

The Glendale lad, weighing 190 pounds and standing 5 feet 11 inches tall, was a regular on the Trojan varsity from the start of his sophomore year, losing only 12 minutes out of the entire playing time during the 1926 season. In 1927 Hibbs blossomed out as a great football star. He starred in every game he played, and after the Trojan's great game against Notre Dame at Chicago he was a practically unanimous All-American selection.

City Nurse Returns to Local Work

Mrs. Ellen Barker, municipal nurse, who recently returned from New York where she spent the summer, was accompanied by her sister, Miss Madeline Coll of New York. This is Miss Coll's first visit in the west and she finds much to interest her, aside from the pleasure of being with her sister.

Mrs. Barker has resumed her duties with the city and county health department with renewed interest. Just before she left for the east her office in the city hall was outfitted with fine equipment for clinical examinations. These are now a regular feature of the local work.

Dr. C. A. Nies of the county staff makes chest examinations every Wednesday morning. There is no charge for the first examination. Counsel is given as to treatment which appears necessary. Free treatment by the county staff is available only for indigent patients. On account of the number of cases, appointments in advance are necessary.

Special attention is given to preventive work, especially where there are children subject to exposure. It is by such means that the mortality from tuberculosis is being rapidly reduced.

Citrus Men Set Example For Nation

Nils A. Olsen, newly appointed chief of the bureau of agricultural economics of the U. S. Dept. of Agriculture, congratulated the members of the California Fruit Growers Exchange on the success with which they are marketing California citrus crops, at the weekly Exchange directors meeting of August 29.

"After visiting many other cooperatives in various sections of the country, the facts and figures I have heard this morning are an eye-opener and an inspiration to me," said Mr. Olsen. "To see your organization in daily operation is to understand some of the reasons for your success. Your scientific approach to problems, using past and present experience upon which to build for the future, is commendable."

Vice President W. E. Sprott of the Exchange assured Mr. Olsen that full advantage was being taken of the service offered by his department to the Exchange and that the organization would continue to make use of them.

Wedding Takes Place at Santa Monica Clubhouse

The wedding of Miss Ethyl Karpf of Sierra Madre and Mr. Zadok Leary of Los Angeles took place Sunday, Sept. 2 at the Breakers Club, Santa Monica. The ceremony was witnessed by a large company of friends and relatives and was followed by an elaborate banquet. At the banquet table a shower of congratulatory telegrams from all parts of the country were read.

The bride is the daughter of Mr. and Mrs. Louis Karpf, 375 East Grand View Avenue, who have been spending the summer at the beach. She is a graduate of Broadmoor kindergarten training school and was last year assistant in the Sierra Madre kindergarten. The groom is a popular young business man of Los Angeles. Following the wedding they left for a honeymoon tour of the north and have been visiting Lake Tahoe and other popular resorts.

At the wedding banquet Mr. and Mrs. Karpf also announced the betrothal of their daughter, Miss Gertrude, to Mr. Edward Beck of Los Angeles.

Scouts Enjoy Picnic at Monrovia

Members of the Boy Scout troop had a delightful picnic and swim at the Monrovia city park on Wednesday. They went over in the morning, each boy taking his own lunch. Baseball and other sports occupied the time before lunch, while the afternoon was spent in the plunge. Several ladies drove over to provide cars and enjoy the day with the boys. They were Mmes. H. E. Allen, C. E. Sonner and Philip Senour, and Miss Lillian Silberman.

Important Dates on Club Calendar—

Miss Harriet Grant, president of the Woman's Club, wishes to announce the dates for the presidents' council meetings of the Los Angeles District of the Federation for the coming year as follows: Tuesday, September 18th, Tuesday Afternoon Club, Glendale; Thursday, October 18, San Gabriel Woman's Club; Friday, November 16, South Pasadena Woman's Club; Wednesday, December 5, Long Beach Ebell; Monday, January 14, Catholic Woman's Club; Friday, February 18, Huntington Park Woman's Club; Thursday, March 14, Pomona Ebell.

All club women are invited to attend these council meetings, which begin at 10 a. m. on the above dates. The local club is entitled to three delegates.

Mrs. Percy Pennypacker and Mrs. Alice Ames Winter, two of clubdom's best loved women, will preside at two of the council meetings, the dates to be announced later.

Mrs. Elmer E. Green is the new head of a committee whose business it shall be to see that the Woman's Club registers 100 per cent in casting ballots at the November election.

Bridge Party at Club House

Mrs. George M. Lehner, chairman of the courtesy committee of the Woman's Club, will be the hostess at the first bridge party of the Woman's Club social season on Wednesday afternoon, in the club house, playing to begin promptly at 2 p. m. Prizes for bridge and five hundred will be awarded.

Mrs. Homer Glidden and Mrs. F. W. Swift will be hostesses in the Osgood Room to those ladies who do not care for cards. A door prize will be given in the Osgood Room.

The proceeds from the tea, for which a charge of fifty cents is made, will be used in paying for chairs already purchased for the Tea Room. Mrs. Lehner reports many reservations, both for tables and singles.

The regular meeting of the current events section will be omitted on account of the card party, the sessions being resumed on Wednesday, September 26.

Large Attendance at Current Events

More than thirty-five people attended the current events and public welfare section of the Woman's Club yesterday to hear E. D. Burbank speak on Sierra Madre schools and school problems.

Mr. Burbank gave an interesting and comprehensive outline of many conditions existing. He told of the plan of the central service committee to investigate the entire situation thoroughly and lay the facts before the public. In this way he feels the situation can be cleared up.

Many questions were asked by parents present, who stated a better understanding of the situation had been gained of the situation and much doubt in their minds cleared up by the report of the investigations so far.

Mrs. H. E. Allen, member of the local school board commended Mr. Burbank on the fair manner in which he had handled the situation. She reviewed the early history of the school, and urged the mothers to visit both the local school and the Woodrow Wilson junior high school.

In the open forum many present spoke highly of the work of Miss Elizabeth Steinberger, principal of the Sierra Madre school, of the years of her connection with school matters here, of her contact with the children, knowing their home problems as well, and the wonderful work she has accomplished.

—Mrs. J. H. Robertson, Press Chairman.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE

No. 252106
In the Superior Court of the State of California in and for the County of Los Angeles, Plaintiff;
ABIGAIL P. BROWN, Plaintiff;

vs.—
RICHARD D. JOHNSON, et al., Defendants.
